MOD FREE

iBUILD, iSHARE.

Freedom to Mod

Patent No. US12093090

Product Story

ModFree utilizes a fully systematic architectural structure that consists of interchangeable toolless modules.
PC enthusiasts can freely transform their new PC internally and externally to accommodate their needs and preferences.

MOD FREE

First Ever FULLY Modular Case

Three preconfigured sets are starting points for users.
The Base Edition consists of two modules,
the Stretch Edition consists of three modules,
while the Deluxe Edition possesses four modules providing additional options for your pc setup.
Users can add expansion modules to enhance their builds at anytime.

Base Edition | Stretch Edition | Deluxe Edition

Infinite Upgrades

ModFree has three different modules to customize a system to meet your requirements.
Investing in this ecosystem will prove cost-effective
since upgrades are just a module away, which also
reduces environmental impact with less hardware waste.

Easy Interlocking Clip Design

The toolless interlocking clip design
allows users to switch modules in an instant.
Building hardware in each module is hassle-free,
and assembling the modules
together requires just one step.

Inverted Motherboard Design

Unlike conventional cases, inverted layouts
benefit users wanting to showcase their hardware from the left side of the desk,
where they may have more space.

Interactive Assembly Guide

ModFree offers a 3D Interactive assembly guide
to facilitate the building process and demonstrates the capabilities of each module.
Users can explore more by experimenting with a virtual ModFree within the APP.

Jupiter AJ140: ARGB Fans

The Jupiter fans provide high airflow
to perform excellent heat dissipation,
and protect your PC components from
overheating.

Complementary Fan Hub

InWin fan hub controls up to 8 ARGB
fans (3-pin) and PWM headers.
SATA connector provides stable output.

Condensed I/O

Equipped with a 2-in-1 audio/microphone
jack utilizing the international CTIA standard,
which is compatible with most gaming
peripherals.

Removable Filter

Quick removable filter and feet design
allow users to not only clean quickly,
but install on different modules easily, too.

Specifications

	ModFree - Base Edition	ModFree - Stretch Edition	ModFree - Deluxe Edition
Model Number	IW-CS-MFBASE-BLK	IW-CS-MFSTRETCH-BLK	IW-CS-MFDELUXE-BLK
Color	White, Black, Orange	White, Black, Orange	White, Black
Case Type	Full Tower	Full Tower	
Material	SGCC, Tempered Glass, ABS	SGCC, Tempered Glass, ABS	SGCC, Tempered Glass, ABS
M/B Compatibility	12" x 9.6", ATX, Micro-ATX, Mini-ITX	9 x PCI-E	
Expansion Slots Maximum	9 x PCI-E		
Compatibility	GPU Card Length: 368 mm or 460mm with Fan pre-installed CPU Heatsink Height: 165 mm	GPU Card Length: 368 mm or 460mm with Fan pre-installed CPU Heatsink Height: 165 mm	GPU Card Length: 368 mm or 460mm with Fan pre-installed
