MOONDROP Technology Co., Ltd.

How to wear

-Distinguish the left and right earphone-

The cable of Kadenz is designed to go around the ear, which enhances the stability and comfort for both daily and outdoor use. Please wear it as shown in the picture to avoid reversing the left and right earphone. Letter "L" and "R" are embossed on the corresponding cable to tell left from right.

L

-Ear Tips-

Please choose the silicone ear tips with proper size that fit your ear canal to prevent bass leakage and treble reduction.

-Cable Installation-

In order to avoid poor connection or unstability during use, the cable is tightly connected with earphone socket. When plug/unplug the cable, please hold the cable terminal and move in parallel to the pins of the 0.78mm connector. Do not roughly plug the cable to prevent damage to earphone or cable.

R

The storage of earphone

- * Please don't use any cable tidy or organizer, which will cause irreversible damage to the cable.
- * Please avoid unnecessary damage caused by incorrect usage/storage habits.
- * Wrong or rough storage methods will result in single earpiece silence, cavity shell opening, and cable damage.
- * Good storage helps to prolong the life of earphones and reduce the probability of earphone failure.

Notice

- * Please keep the earphones clean to prevent sound quality degradation caused by filter clogging or diaphragm contamination.
- * For your safety, please don't use earphones when driving, riding, or crossing the road.
- * In winter or dry environments, the metal shells may cause slight tingling of the ear, which is occurred by static electricity in the body or clothes, it's a normal phenomenon.
- * Your hearing will be affected if the volume is too high and irreversible damage will be caused if keep listening with this volume for too long. Please form a good habit of listening at an appropriate volume to protect your hearing.
- * Wearing earphones for too long may cause congestion of the ear canal due to compression, please stop using earphones when your ear canals feel uncomfortable.
- * When using the earphones, please don't press forcefully or remove rapidly to avoid damages to eardrums or the diaphragms.
- * The earphone tips made of silica gel will absorb dust or earwax and may grow bacteria for a long time, may grow bacteria over time, please replace them regularly.
- * Please avoid wearing earphones when sleeping to prevent damage to hearing and earphones. If tinnitus, inflammation, ear canal abscess, and other symptoms occur, please stop using earphones and seek for medical care.
- * If the earphone fails, please refer to the after-sales terms.
