

DELLTechnologies

Performance in a compact design

Dell Pro Slim QCS1250

Dell Pro Slim Plus QBS1250

Featuring AI PC options, powered by Intel® Core™ Ultra processors (Series 2)

Space saving performance

A compact, high-performance AI-ready PC built for heavy workloads and tight spaces

Experience the perfect blend of form and function with Dell Pro Slim desktops. These professional-grade PCs feature optional modules and a space-saving, tool-less chassis design for effortless expandability. Boost productivity with Intel® Core™ (14th Gen) processors, or take it to the next level with Intel® Core™ Ultra (Series 2) processors for advanced AI-enhanced capabilities.

Reliable and durable, these PCs stand up to rigorous military-grade testing¹ and feature leading manageability and security solutions. With a unified BIOS across all Dell Pro desktops², they simplify PC fleet management for seamless efficiency.

Dell Pro Slim QCS1250

Choose from Intel® Core™ processors (14th Gen) up to i7, or elevate your experience with AI capabilities with Intel® Core™ Ultra processors (Series 2) up to Ultra 7, featuring a dedicated neural processing unit (NPU).

Dell Pro Slim Plus QBS1250

Designed for enhanced performance and advanced features, this AI PC is powered by Intel® Core™ Ultra processors (Series 2) up to Ultra 9, complete with a dedicated NPU for AI-driven tasks.

AI PCs designed to fit every business

Unlock new levels of performance with AI PC options, powered by Intel® Core™ Ultra desktop processors (Series 2). Equipped with a dedicated neural processing unit (NPU) and delivering up to 13 TOPS, these systems are designed to tackle AI workloads, helping businesses stay ahead of the game.

Additional CPU options include the latest Intel® Core™ processors (14th Gen), up to i7 (available on Dell Pro Slim).

Intel vPro® options across all configurations enhance security and manageability.

Intentional material choices

- 50% recycled steel in the chassis⁴
- Up to 48% recycled plastic⁴
- Up to 100% recycled or renewable packaging⁵ and multipack options for reduced packaging waste and lowering emissions⁶

Meets the latest environmental standards Certified ENERGY STAR®, carries TCO certification and is EPEAT Gold registered with Climate+ designation⁷.

Dell APEX PC as a Service⁸

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

Trusted reliability

Dell Pro desktops are built for reliability and durability, with less than 1% requiring service in their first year¹⁰.

Sleek, purposeful design

Re-engineered with an enhanced thermal design that delivers great cooling performance and up to 57% quieter operation (Dell Pro Slim)¹.

Fuel productivity with a complete Dell ecosystem

Designed and tested with Dell Accessories, Mounts and Stands, and Monitors from the world's #1 monitor company².

**High-speed performance**

Tackle heavy workloads with up to 128GB DDR5 memory, 4 slots (Dell Pro Slim Plus) / up to 64GB DDR5, 2 slots (Dell Pro Slim).

Performance comes easy with 3 M.2 SSD and 1 optional 3.5 HDD (Dell Pro Slim Plus) / 1 M.2 SSD and a second M.2 SSD via Zoom expansion card (Dell Pro Slim).

Enjoy a smooth viewing experience with optional AMD discrete graphics.

Expand functionality with up to 3 PCIe slots.

Optional modules on Dell Pro Slim Plus include Thunderbolt™ 4 and 5GbE Optical Fiber³ (Peer-to-Peer).

Simplify IT

Dell offers the world's most secure and manageable commercial PCs⁹, along with modern lifecycle services and solutions to make IT management a breeze.

Streamline PC fleet management with one unified BIOS across Dell Pro Micro, Slim and Tower PCs¹¹.

Two year PC refresh lifecycle for managed transitions help reduce maintenance and support costs.

Manage your PCs over the cloud, in conjunction with Microsoft Intune, via the Dell Management Portal.

Stay ahead with the power of AI

Harness exceptional performance with built-in AI, powered by Intel® Core™ Ultra processors (Series 2). These AI PCs feature a three-tier multi-processing architecture, combining CPU, GPU and dedicated NPU to ensure AI-driven apps run faster and smoother across any project.

Run the right workload on the right engine and the right time

CPU

Ensures seamless execution of system tasks and operations.

GPU

Handles quality graphics rendering and accelerates computing tasks

NPU

Dedicated AI engine runs AI workloads consuming less power.

50% faster AI

Get up to 50% faster AI performance with Adobe After Effects' AI Scene Edit Detection¹ to speed up your editing workflow and unlock more time for creativity, all while delivering stunning results.

Use 58% less power

Let your desktop work smarter, not harder, with enhanced AI collaboration that uses up to 58% less processor power during Zoom calls with AI background effects³.

Bring AI to your PC

For companies looking to accelerate deployment of AI applications across their workforce, Dell delivers the industry's most comprehensive AI toolkit leveraging NPU technology². Dell Pro AI Studio brings AI directly to your device, perfect for keeping things running smoothly without the hefty price tag.

Robust AI PC security

Work securely and with easier management with most secure and manageable commercial AI PCs⁴ with hardware and firmware features built to combat modern cyberattacks, along with integrated validation of all driver and BIOS updates, plus a published schedule for driver and download releases.

Sustainable innovation

Built with recycled materials

Designed with the environment in mind, Dell Pro Slim PCs incorporate up to 50% post-industrial recycled steel in its chassis¹.

These desktops also feature up to 48% recycled plastic including post-consumer recycled plastic and closed loop ITE derived plastic².

Built to last

Built with high-quality components, Dell Pro desktops drive top performance and value throughout its lifecycle. Dell makes it simple to access and replace parts to get the most life out of our products.

[Parts & upgrades](#) >

More purposeful packaging

These PCs ship in packaging made with up to 100% recycled or renewable materials³. Multipack options are available for easier unboxing and reduces transportation and packaging waste⁴.

Seamlessly modernize your tech

We can help you refresh to the latest technology while responsibly retiring your devices, regardless of brand, while addressing your sustainability goals.

[Asset Recovery Services](#) >

Meets the latest environmental standards

These products are certified ENERGY STAR, carry TCO certification, and EPEAT Gold registered with Climate+ designation⁵.

Elevate your PC experience

Purpose-built, integrative design

Fuel productivity and collaboration with a complete Dell ecosystem that is engineered and tested for a seamless experience with your Dell Pro Slim.

- A Dell Pro 24 Plus USB-C Hub Monitor – P2425H
- B Dell UltraSharp Webcam – WB7022
- C Dell Pro Wireless Headset – WL3024
- D Dell Pro Keyboard and Mouse – KM5221W

Accessories for a tidy workspace

Keep your workspace clutter free with a choice of optional stands. You can set up a complete all-in-one system by attaching a Dell USB-C Hub monitor to the Dell Pro Slim All-in-One Stand.

Dell Pro Slim feature an optional Dust Filter and an optional Cable Cover. The discreet dust filter safeguards internal components, while the Cable Cover protects the ports and organizes the cables.

More Advanced Drop-in-Box Options

Ensure same time delivery and easy setup with Dell drop-in-box wireless keyboards and combos. Dell wireless keyboards offer up to 36 months of battery life for long-term performance¹.

Select models include a Copilot key for instant AI access and silent keys for quiet, focused typing in open office environments.

Simplify IT

Our most secure¹ and most manageable⁴ offerings make IT management a breeze

World's Most Secure Commercial PCs¹

According to Principled Technologies, no PC manufacturer offers the BIOS-level visibility Dell does.

A Principled Technologies report: In-depth research. Real-world value.

A comparison of security features in Dell, HP, and Lenovo PC systems

Approach

Dell¹ commissioned Principled Technologies to investigate 10 security features in the PC security and system management space:

- Support for monitoring solutions
- BIOS security and protection features
 - Platform integrity validation
 - Device integrity validation via off-site measurements
 - Component integrity validation for Intel[®] Management Engine (ME) via off-site measurements
 - BIOS image capture for analysis
 - Built-in hardware cache for monitoring BIOS changes with security information and event management (SIEM) integration
- Microsoft Intune management
 - BIOS setting management integrations for Intune
 - BIOS access management security enhancements for Intune
- Remote management

Security

Improve fleet-wide security with multiple layers of defense

Reduce the attack surface and enhance long-term cyber resilience with [Dell Trusted Workspace](#) >

Be secure from first boot with rigorous supply chain controls.

Maintain BIOS integrity with deep, firmware-level visibility.

Protect end-user identity from malware that looks to steal credentials.

Enrich OS-level data with PC telemetry to speed detection, response and remediation.

Layer on advanced threat protection from our ecosystem of best-of-breed software partners.

Shrink the IT-security gap with an integrated, AI-enabled solution

Explore hardware-assisted security with Dell, Intel & CrowdStrike

[Learn More](#) >

Manageability

Manage your fleet of PCs – reliably and easily

Help secure and optimize your endpoints and deliver end-user productivity with [Dell Manageability Solutions](#) >

With [Dell Management Portal](#), you can manage Dell PCs, over the cloud, in conjunction with Microsoft Intune.

[Dell Management Portal](#) >

Update and secure your fleet of Dell PCs, with one application – [Dell Client Device Manager](#).³

[Dell Trusted Update Experience](#) makes it simple to update endpoints with the latest BIOS and driver versions. Dell is the only Top-5 PC vendor that:

Publishes² a device drivers and downloads release schedule:

IT Admins can deploy fleet-wide device updates on a predictable timeline. [Learn More](#) >

Dell has the industry's first

Partner Portal accessible in Microsoft Intune, with fleet-wide BIOS password access capability and Enterprise application access and publication capabilities

Enterprise application with modular update and security deployment capabilities, within the Dell Partner Portal, accessible via Microsoft Intune

Binary Large Object (BLOB) package-based solution, for endpoint BIOS settings configuration, using Microsoft Intune

Hardware OEM systems management solution to integrate with Intel vPro

Simplify PC refresh with Dell Services

Enabling every step of the PC lifecycle

Dell APEX PC as a Service¹

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

APEX PC as a Service makes it easy to refresh to the latest PCs and seamlessly deploy, secure, manage, support and help with the retirement of devices.

[Dell APEX PC as a Service \(PCAAS\)](#) >

ProDeploy Client Suite

PC refresh starts with getting new devices in the hands of your end-users. Dell ProDeploy Suite streamlines operations and increases productivity with configured PCs that are ready to use on day one with dynamic cloud-based provisioning and imaging.

When transitioning from old to new technology, ProDeploy Plus includes the ability to securely erase sensitive end-user data with sophisticated tools to sanitize devices and includes Asset Recovery Services for responsible retirement.

[Dell ProDeploy Client Suite](#) >

ProSupport Suite for PCs

ProSupport Suite is more than a 24/7 break-fix solution, it's a set of tools that automate and optimize your environment with little to no human intervention or end-user disruption.

Select from a robust library of Dell-authored scripts that correct company-wide issues quickly, minimizing remediation times and maintaining peak system performance. ProSupport Suite provides telemetry-driven data to arm IT with insights and make targeted updates, all controlled from a single dashboard.

[ProSupport Suite for PCs](#) >

Modern Lifecycle Solutions

Dell Premier

324%

ROI over 3 years³

Modernize IT purchasing by shopping your catalog in a tailored online solution. Gain control over the entire IT ecosystem to cut costs, standardize ordering, access analytics and more.

[Dell Premier](#) >

Asset Recovery Services

2.8B

Pounds of electronics recovered through all recovery programs since 2007²

Let Dell help you securely and responsibly retire your old IT equipment - regardless of brand - to allow for a seamless transition from old to new technology, while protecting both your business and the planet.

Leading the industry in sustainable practices to reduce the environmental impact of our products and packaging.

Learn more: <https://www.dell.com/en-us/lp/dt/sustainable-devices>

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER ¹	DELL PRO SLIM AND DELL PRO SLIM PLUS	
SUSTAINABLE MATERIALS ¹	Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic - chassis: Dell Pro Slim: 48%; Dell Pro Slim Plus: 43%	Post-consumer recycled plastic is plastic waste generated by households, industrial, commercial or institutions repurposed in the desktop design. Closed loop plastic is reclaimed plastic from any disposed IT product repurposed in the desktop design.
	Post-industrial recycled steel - chassis: Dell Pro Slim: 50%; Dell Pro Slim Plus: 50%	Incorporating recycled steel helps minimize the usage of virgin material and related mining activities, while re-purposing waste that would have ended up in landfills.
	Recycled or renewable materials - packaging Dell Pro Slim: up to 100%; Dell Pro Slim Plus: up to 100%	Using recycled or renewable materials lowers waste and helps lower environmental impact. Materials may include recycled content and/or renewable content, in the form of sustainably forested fibers.
ECO-LABELS ¹	EPEAT Climate+™: Dell Pro Slim: Yes; Dell Pro Slim Plus: Yes	This is a product level designation for EPEAT-registered products which meet the industry's best climate criteria.
	EPEAT Dell Pro Slim: Gold; Dell Pro Slim Plus: Gold	Meeting globally recognized eco-label certifications for sustainable IT, our customers can trust that Dell products adhere to the highest energy-efficiency specifications and other climate-related standards. Product registry: https://www.epeat.net/
	TCO Certified: Dell Pro Slim: Yes (AMD config only); Dell Pro Slim Plus: Yes (only with 360W power supply)	TCO Certified is a leading sustainability certification for IT products, with a comprehensive system of up-to-date criteria and independent verification. Product registry: https://tccertified.com/product-finder/
	ENERGY STAR: Dell Pro Slim: Yes (selected configurations only); Dell Pro Slim Plus: Yes (selected configurations only)	ENERGY STAR is a specification recognizing the most energy-efficient PC's, backed by Environmental Protection Agency (US).
MULTI-PACK SHIPPING ¹	Dell Multi-pack: Dell Pro Slim: Yes; Dell Pro Slim Plus: Yes	Dell Multi-pack offers a simpler, more efficient unboxing experience with less packaging waste and better pallet optimization for transportation.
ASSET RECOVERY SERVICES ⁶	Asset Recovery Services: Dell Pro Slim: Yes; Dell Pro Slim Plus: Yes	Asset Recovery Services helps you resell, recycle or return-to-lease your legacy IT equipment in a secure and sustainable manner, while unlocking value that can be put towards future innovation.

Product Disclaimers:**Page 2 (The high-performance space-saver)**

1. Dell Pro Slim (QCS1250), Dell Pro Slim Plus (QBS1250) - Based on third-party testing conducted in Dec, 2024. Passed 12 MIL-STD-810H tests. Actual results may vary, testing results do not guarantee performance under test conditions.
2. Dell Pro Micro, Slim, Tower PCs with Intel® processors.

Page 3 (Product Wheel)

1. Dell Pro Slim (QCS1250): Versus the previous generation. Based on Dell internal testing, January 2025.
2. Dell is the world's #1 monitor company. Source: IDC Worldwide Quarterly PC Monitor Tracker, Q2 2025.
3. Supports up to 5 Gbps connectivity via peer-to-peer transmission. Actual speed via network depends on equipment compatibility, requiring both transceiver and switch at the same maximum speed.
4. Based on internal analysis, January 2025. Percentage is based on system plastic weight. Post-consumer recycled plastic: Up to 43.3%, Closed-Loop ITE derived plastic: Up to 4.7%. Recycled steel is in the chassis.
5. Contains up to 56.7% recycled content and up to 50.7% renewable materials. Renewable materials in the form of sustainably forested materials. Percentages may vary slightly by region [and form factor]. Excludes optional items added to order and included in the box.
6. Based on internal analysis, January 2025.
7. TCO certification applies to the Dell Pro Slim Plus. Based on internal analysis, January 2025. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
8. Payment solutions provided and serviced by Dell Financial Services L.L.C. or its affiliate or designee ("DFS") for qualified customers. Offers may not be available or may vary in certain countries. Where available offers may be changed without notice and are subject to product availability, applicable law, credit approval, documentation provided by and acceptable to DFS and may be subject to minimum transaction size. Offers not available for personal, family or household use. Dell Technologies and the Dell Technologies logo are trademarks of Dell Inc. Restrictions and additional requirements may apply to transactions with governmental or public entities. At the end of the contract, the customer may renew the contract or return the equipment to DFS.
9. Most secure is based on Dell internal analysis, October 2024. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features. Validated by Principled Technologies. A comparison of security features, April 2024. Most-manageable commercial PCs when comparing the systems management capabilities of Dell Update Processes, Dell Manageability Solution capabilities and integrations with 3rd Party Management Solutions, with competitor update processes, systems management solution capabilities and integrations with 3rd party management solutions. 3rd Party Management Solution - Microsoft Intune, is a separate purchase. Based on Dell internal analysis, January 2025.

1. Support for (4) displays is enabled by daisy-chaining via DisplayPort 1.4a. Maximum display resolution and refresh rates are contingent on selected video port specifications and may be limited by each additional display connected by daisy-chain. This is the expected display resolution when connecting 1 or more of your display(s) to:
 - One Native DisplayPort 1.4a – One display: up to 5120 x 3200 @60Hz resolution -or- – Two displays via MST/daisy-chain: up to 3840 x 2160 @60Hz resolution -or- – Three displays via MST/daisy-chain: up to 2560 x 1600 @60Hz resolution -or- – Four displays via MST/daisy-chain: up to 2560 x 1440 @60Hz resolution;
 - Two Native DisplayPort 1.4a – Two displays: up to 5120 x 3200 @60Hz -or- – Three displays: one up to 5K @60Hz resolution, two via MST/daisy-chain: up to 3840 x 2160 @60Hz resolution -or- – Four displays via MST/daisy-chain: up to 2560x1440 @60Hz resolution;
 - Three Native DisplayPort 1.4a – Three displays: up to 5120 x 3200 @60Hz resolution -or- – Four displays: two up to 5K resolution, two via MST/daisy-chain: up to 3840 x 2160 @60Hz resolution

One Native DisplayPort 1.4a – One display: up to 5120 x 3200 @60Hz resolution -or- – Two displays via MST/daisy-chain: up to 3840 x 2160 @60Hz resolution -or- – Three displays via MST/daisy-chain: up to 2560 x 1600 @60Hz resolution -or- – Four displays via MST/daisy-chain: up to 2560 x 1440 @60Hz resolution;

Two Native DisplayPort 1.4a – Two displays: up to 5120 x 3200 @60Hz -or- – Three displays: one up to 5K @60Hz resolution, two via MST/daisy-chain: up to 3840 x 2160 @60Hz resolution -or- – Four displays via MST/daisy-chain: up to 2560x1440 @60Hz resolution;

Three Native DisplayPort 1.4a – Three displays: up to 5120 x 3200 @60Hz resolution -or- – Four displays: two up to 5K resolution, two via MST/daisy-chain: up to 3840 x 2160 @60Hz resolution

Please visit Dell.com/Support and search for technical support resources for your Dell Pro Desktops, and Dell Displays and Peripherals (by product model number) for more details on setup and troubleshooting.

2. Supports up to 5 Gbps connectivity via peer-to-peer transmission. Actual speed via network depends on equipment compatibility, requiring both transceiver and switch at the same maximum speed.

Technotes:

1. Offering may vary by region. Some items may be available after product introduction. For complete details, refer to the Owner's Manual published on www.dell.com/support.
2. System Memory and Graphics: Significant system memory may be used to support graphics, depending on system memory size and other factors.
3. 4GB or Greater System Memory Capability: A 64-bit operating system is required to support 4GB or more of system memory.
4. Particular versions of Microsoft Windows may not support the full Bluetooth 4.2 functionality.
5. Storage Option: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
6. TPM is available in selected regions.
7. Please refer to www.epeat.net for specific country registration rating and participation.
8. Limited Hardware Warranty: For copy of Ltd Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
9. Onsite service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
10. Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
11. For complete listing of declarations and certifications, refer to the Dell Regulatory and Environmental Datasheet found in the Manuals section of Product Support information www.dell.com/support.
12. Supports up to 5 Gbps connectivity via peer-to-peer transmission. Actual speed via network depends on equipment compatibility, requiring both transceiver and switch at the same maximum speed.
