

# HPE Aruba Networking 503 Series Campus Access Points

## What's new

- Cost-effective Wi-Fi 6 access points provide up to 1.49 Gbps maximum combined data rate
- It supports Wi-Fi 6 (802.11ax) features including OFDMA for enhanced multi-user efficiency and WPA and Enhanced Open (OWE) for greater security
- Dynamic segmentation and policy enforcement firewalls (PEFs) automatically enforce consistent policies across wired and wireless networks, enhancing user and device security
- Flexible management with AI-powered HPE Aruba Networking Central

## Overview

HPE Aruba Networking 503 Series Campus Access Points deliver affordable Wi-Fi 6 coverage for indoor environments such as mid-sized offices, schools, and retail spaces where fewer people are on the network at the same time. With a 1.49 Gbps maximum combined data rate, the 503 series delivers cost-effective and reliable Wi-Fi for low to medium density environments.

The 503 series is WiFi CERTIFIED® and supports 802.11ax features; OFDMA for multi-user efficiency, target wake time (TWT) to extend the battery life of connected Internet of Things (IoT) devices, and WPA3 and Enhanced Open (OWE) for greater password and guest security. The 503 series includes a limited lifetime warranty.

- Available as optional eco-friendly 10-packs

## Features

### Better Performance with Wi-Fi 6

HPE Aruba Networking 503 Series Campus Access Points deliver a maximum speed of 1.49 Gbps with up to 2 spatial streams and 80 MHz channels (HE80).

WiFi CERTIFIED® with support for Wi-Fi 6 features such as OFDMA, MU-MIMO, and target wait time (TWT) to drive improved efficiency. Handles multiple Wi-Fi 6 clients on each channel simultaneously, regardless of device or traffic type.

Enhanced wireless experience with HPE Aruba Networking ClientMatch technology removes sticky client issues by steering a client to the AP where it receives a good radio signal.

### Flexible Management and Simplified Access

HPE Aruba Networking 503 Series Campus Access Points can be managed with HPE Aruba Networking Central, an AI-powered solution that simplifies IT operations, improves agility, and reduces costs by unifying management of campus, branch, remote, data center, and IoT networks from one dashboard.

Quick and easy deployment at branch offices or remote work sites without on-site technical expertise using zero touch provisioning (ZTP).

It provides seamless support for Bluetooth 5 and Zigbee wireless protocols using an optional IoT expansion radio (purchase separately).

### Secure Access

HPE Aruba Networking 503 Series Campus Access Points offer enhanced security with dynamic segmentation to remove the time-consuming and error-prone task of managing complex and static VLANs, ACLs, and subnets by dynamically assigning policies and keeping traffic protected and separated.

The target wake time (TWT), part of Wi-Fi 6, establishes a schedule for client communications to save power and reduce airtime contention.

It offers stronger encryption and authentication with WPA3, protected credentials/keys storage for guest access with Enhanced Open (OWE), and user and IoT access policy enforcement firewalls (PEFs).

The PEF automatically applies policies based on user role, device type, applications and location and dynamically segments traffic.

For enhanced device assurance, the APs include an installed trusted platform module (TPM) for protected storage of credentials and keys, and boot code.

Technical specifications	HPE Aruba Networking 503 Series Campus Access Points
<b>Deployment</b>	Indoor
<b>Wi-Fi generation</b>	Wi-Fi 6 (802.11ax)
<b>Wi-Fi radios</b>	Dual 2x2
<b>Radio configuration options</b>	2.4 GHz and 5 GHz
<b>Max bandwidths and peak data rate per band</b>	20/40 (2.4 GHz), 20/40/80 (5 GHz), maximum peak data rate 1.49 Gbps
<b>Wi-Fi antenna</b>	AP-503: Integrated downtilt omnidirectional antennas for 2x2 MIMO. Built-in antennas for horizontal ceiling-mounted orientation of the access point. The downtilt angle gain is roughly 30°.
<b>Ultra tri-band (UTB) filtering</b>	No
<b>IoT support</b>	USB 2.0 type A
<b>Integrated sensor</b>	No
<b>Cellular support</b>	USB LTE modem (sold separately)
<b>Wired network interface</b>	1 x 1GbE
<b>MACsec support</b>	No
<b>AP operating system support</b>	HPE Aruba Networking Wireless Operating System and HPE Aruba Networking Instant OS 8.11.1.0 and later HPE Aruba Networking Wireless Operating System 10.5.0.0 and later
<b>AP management</b>	On-premises Public Cloud Virtual Private Cloud (VPC) as a Service
<b>Certifications</b>	Ethernet Alliance (PoE, PD device, Class 3) Wi-Fi Alliance®: Wi-Fi CERTIFIED® a, b, g, n, ac Wi-Fi CERTIFIED 6 WPA, WPA2 and WPA3—Enterprise with CNSA option, Personal (SAE), Enhanced Open (OWE) WMM, WMM-PS, Wi-Fi Agile Multiband
<b>Regulatory</b>	FCC/ISED CE Marked RED Directive 2014/53/EU EMC Directive 2014/30/EU Low Voltage Directive 2014/35/EU UL/IEC/EN 62368-1 For more country-specific regulatory information and approvals, contact your HPE representative.

# HPE Aruba Networking Services

HPE Aruba Networking services simplify and accelerate the network technology lifecycle, enabling your network to scale with better predictability and cost-effectiveness. Whether you operate your own network and need to improve your IT efficiencies, or you want to offload some of the burden, we have the services you need to reach your goals.

Learn more about what HPE Services - Aruba Networking has to offer at: [hpe.com/edge/services](https://hpe.com/edge/services)

## Support Services

Our support portfolio provides the essential support elements as well as proactive and preventive features to help you improve your team's productivity and get the most from your network. Our support customers benefit from faster issue resolution, simplified operations and efficiencies, and reduced network issues.

## Professional Services

With deep intellectual capital and purpose-built tools, our team delivers a range of standard and custom professional services designed to accelerate your value from HPE Aruba Networking technology.

### Project based services include:

- Planning, audit, and assessment
- Architecture review and design
- Deployment, migration, and knowledge transfer

### Annual subscription services include:

- Network optimization
- Intelligent Operations
- Customer Experience Management

Our [Education Services](#) allow your team to come up to speed quickly.
